

- Remote control
- Smart home scenario support
- Easy installation
- Motion detection

SV-CA104-W is a Wi-Fi camera for designed for video monitoring of premises in real time.

Device management

SV-CA104-W is a part of Eltex Home ecosystem. The user manages smart devices and sensors via the smart home hub using iOS or Android mobile device with the Eltex Home app installed. It can be downloaded from the App Store and Google Play or via the QR code below. The app is also available in Huawei AppGallery.

Features and capabilities

- Night vision
- Motion detection
- Video archive to memory card
- Tilt and pan control via the app
- Non-volatile RTC

Use case

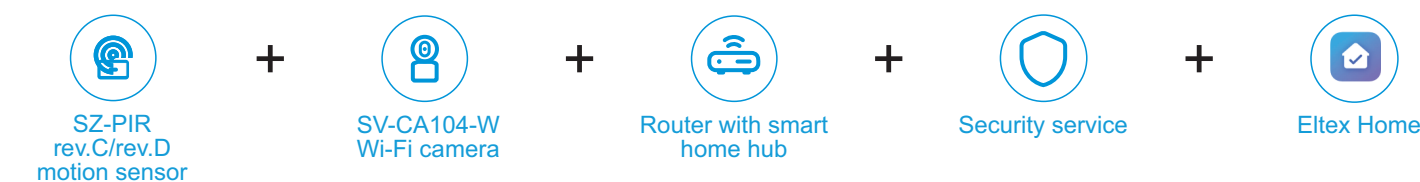

Scenarios

With the Eltex Home mobile app, it is possible to create chains of conditions for Wi-Fi camera and smart Wi-Fi devices to work together. For example, SV-CA104-W can be used in the following scenarios:

1. Automatic video recording triggered by the door sensor and sending notifications to the user

2. Automatic video recording triggered by the motion sensor and sending notifications to the user

3. Automatic video recording triggered by the water leak detector and sending notifications to the user
