**ELTEX**
Integrated Networking Solutions

**ECSS·10**

– **Wide range of services**
– **Chats with file and media sharing**
– **Energy efficiency**
– **High-quality voice communication**
– **Support for iOS**

**Elph Mobile** is the Eltex Unified Communications client for iOS-based mobile devices. Used with the ECSS-10 hardware and software complex. The Elph mobile app allows users to make and receive voice calls, send and receive files, text and voice messages, create and participate in teleconferences. This ensures communication wherever there is mobile internet or Wi-Fi.
